CLYDE&CO

Customer Profile

Clyde & Co is a global law firm with a focus on five core sectors: insurance, energy, trade & commodities, infrastructure and transport. The firm employs 2,000 legal professionals in 48 offices (including associated offices) in Latin America, Africa, Europe, the U.S., Canada, the Middle East, Asia Pacific and the UK, making it one of the 15 largest law firms in the world.

The Need

Clyde & Co needed a more reliable, user friendly and flexible solution for managing 1000's of contracts and the critical data contained within them.

The Solution

Today, Clyde & Co have centralised visibility, compliance tracking and search making it very easy to find contract related information and documents. In addition they now have email alerts to ensure they never miss a key contract date.

AnyData® Contract Management (CM) made it easy for Clyde & Co to discover, share and control contract information.

Intelligent & Integrated Contract Management, Compliance and Analytics

Centralising departmental or enterprise wide contracts and the vital data points each contract contains (such as notice and termination dates, pricing, contractual obligations, regulatory compliance "must haves" etc), is essential to managing contracts effectively and efficiently. Contract management has become a necessity, transforming 'mere' contracts into sources of revenue, as well as reducing both costs and compliance risks.

These needs led Clyde & Co to AnyData CM. On selecting AnyData's CM Solution, Clyde & Co were able to very quickly go live with centralised visibility, contract search, global contract analysis and compliance tracking. In addition to AnyData's deep and proven industry experience, the deciding factors were the solution's robust data management, flexible compliance, alerts, powerful dashboards and extensive integration points.

1 / 2 >

"AnyData's integrated contact management, compliance and analytics provide the Quality Data that is vital in a digital age. It has empowered savings, accurate timely reporting, increased compliance and reduced risk."

Ilenia Barda, Global Procurement Manager, Clyde & Co LLP

Data Management

AnyData CM (developed with expertise of City lawyers, General Counsels and contract managers) allows Clyde & Co users to free text search across any data point and build custom searchable views making it very easy to find contract related information and documents in seconds. It also allowed Clyde & Co to blend additional data sources and truly take control of contract related data.

Compliance

The flexibility of the compliance tracker is very important to Clyde & Co, and AnyData CM allows authorised users to dynamically create and monitor compliance lists such as provisions for the Data Protection / GDPR, Modern Slavery Act 2015, Anti-Bribery Act, Governing Law, Indemnities, Clyde & Co or 3rd Party T&C's etc.

Alerts

It was essential to have email notification alerts and have proved invaluable in ensuring the right people never miss a key contract date such as renewal or termination.

Dashboards

The integrated dashboards give Clyde & Co a powerful "Command Centre" at a glance to see overall global contract position, plan for and monitor contract renewals and terminations over any period, track compliance and track user and team activity. Clyde & Co also uses the integrated data analytics for understanding global category spend. ●
