CLYDE&CO

Customer Profile

Clyde & Co is a global law firm with a focus on five core sectors: insurance, energy, trade & commodities, infrastructure and transport. The firm employs 2,000 legal professionals in 48 offices (including associated offices) in Latin America, Africa, Europe, the U.S., Canada, the Middle East, Asia Pacific and the UK, making it one of the 15 largest law firms in the world.

The Need

Clyde & Co needed visibility of Vendor Spend Tracking, Vendor Consolidation and Optimisation, Invoice Reconciliation, Vendor Performance and Payment Performance.

The Solution

Clyde & Co now make better decisions which have resulted in optimised supplier relationships, maximised discounts, improved supplier tracking as well as reduced invoice processing costs and eliminating maverick spend.

AnyData® Kwiqvis® enables Spend Analytics & Reporting to deliver global visibility, category management and savings for Clyde & Co.

The ability to access, organize, and analyze spend data is essential to a highly effective supply management initiative. Spend data is also vital for other business strategies, such as budgeting and planning, inventory management, and product development.

Visualizing spend data enables better sourcing and supplier decisions

The AnyData® user interface is familiar and intuitive and dashboards are grouped by type making it easy for Clyde & Co users to navigate and use. The dashboard designer allows for deep dives into data and use of any dimension or measure to build tailored interactive dashboards to share with their colleagues. Advanced users have access all the underlying data and can use full text filters, column filters and the advanced query builder, to ask any question of the data and export the results for further analysis (including to PDF).

“Kwiqvis® is a comprehensive, complete, seamlessly integrated end-to-end solution without the traditional “mashup” of technologies. We simply give AnyData access to the data, and they did all the rest.”

Ilenia Barda, Global Procurement Manager, Clyde & Co LLP

With organization of the data fully automated, Clyde & Co Sourcing Professionals can focus exclusively on the dynamics within the PxQ, Rfx, UOM and TOC. The AnyData solution also provides Automated Supplier Consolidation, Spend Categorisation, Currency Conversion for 46 global currencies and Supplier Geo-Location Tagging.

Secure global access

The built-in user, role and object security allows Clyde & Co to restrict functionality and content to end users as needed. As an extra layer of security, only users on the network are able to access the AnyData® Cloud thanks to IP Restrictions configured by AnyData Solutions. ●
